

Voluntary coupled support

Review by the Member States of their support decisions applicable as from claim year 2020

***The synthesis presented in this document reflects the content of
Member States' notifications available to the Commission services as
they stood on 1 June 2020.***

***It is made available without prejudice to any finding in respect of their
compliance with the regulatory framework.***

***Informative note
July 2020***

1. VOLUNTARY COUPLED SUPPORT IN A NUTSHELL

Member States may use up to a maximum percentage of their annual national ceiling for direct payments to finance **voluntary coupled support** (VCS) (Chapter 1 of Title IV of Regulation (EU) No 1307/2013 of the European Parliament and the Council ('the basic act' hereafter)).

According to the currently applicable rules¹, the Member States may only decide to grant VCS to a list of sectors and productions² **in sectors or regions, where specific types of farming or specific agricultural sectors particularly important for economic, social or environmental reasons undergo certain difficulties**. Coupled support is a production-limiting scheme that shall take the form of an annual payment based on fixed areas and yields or on a fixed number of animals and shall respect financial ceilings to be determined by Member States for each measure and notified to the Commission (Article 52(6) of the basic act).

Each Member State may only use a limited part of its national ceiling for direct payments to grant VCS. This **budgetary limit** is 8+2%, which, under certain conditions, may be increased to 13+2%. Further increase is possible only if certain specific needs require so, in which case the decision of the Member State is also subject to approval by the European Commission.

The Member States could apply VCS as from claim year 2015. They may review their support decisions on an annual basis (notification due by 1 August of the previous year).³

Besides, two further (exceptional) review possibilities were also available for CY2020, both linked with the Member States' (optional) flexibility between pillars decisions. Firstly, those Member States that decided to use flexibility between pillars in CY2020 had to review their formerly notified VCS decisions in order to restore financial consistency (due by 8 February 2020). Secondly, an exceptional review for this flexibility between pillars decision was possible due to the COVID-19 epidemics, with a corresponding VCS review (due by 18 May 2020).

This note presents the VCS support decisions following all these reviews.

2. VCS DECISIONS FOR CLAIM YEAR 2020 - OVERVIEW

- Number of Member States: In the framework of the 'original support decisions', 27 Member States (i.e. all Member States⁴ except for DE) decided to apply VCS from claim year 2015. Due to Brexit (the withdrawal of the United Kingdom from the European Union) this number decreased to 26 (i.e. still all Member States except for DE) as from claim year 2020.
- Number of support measures: The number of measures has fluctuated between 250 and 260 since 2015, with **259 measures** in claim year 2020.
- Budget: The annual monetary allocation has been, and remained after this review, around **EUR 4.24 billion per year**. This represents a little above 10% of the direct payments budget.
- Support distribution per sector: The **three animal-based sectors** have always been, and also remained after this review, the largest VCS beneficiaries, receiving almost **75% of all coupled**

¹ As amended by Regulation (EU) 2017/2393 of the European Parliament and of the Council.

² Cereals, oilseeds, protein crops, grain legumes, flax, hemp, rice, nuts, starch potato, milk and milk products, seeds, sheep and goatmeat, beef and veal, olive oil, silkworms, dried fodder, hops, sugar beet, cane and chicory, fruit and vegetables and short rotation coppice.

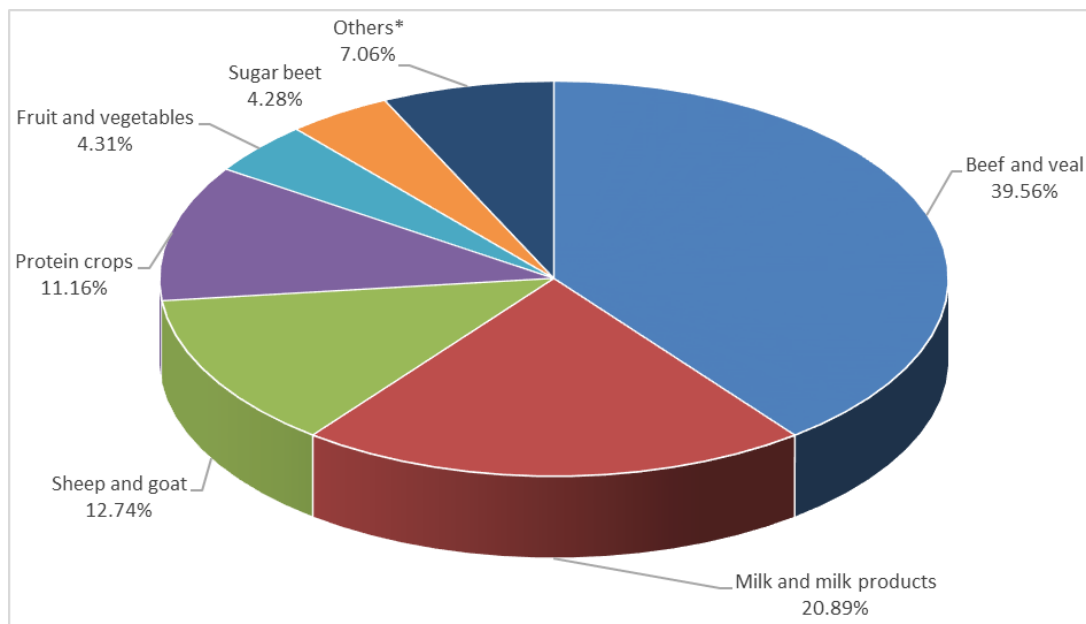

³ As from claim year 2019. Previously, the basic act allowed a single review by 1st August 2016 with application as from claim year (CY) 2017.

⁴ Including the United Kingdom.

support. The most important area-based beneficiaries are **protein crops** (11.2%), **sugar beet** and **fruits and vegetables** (each with 4.3% share).

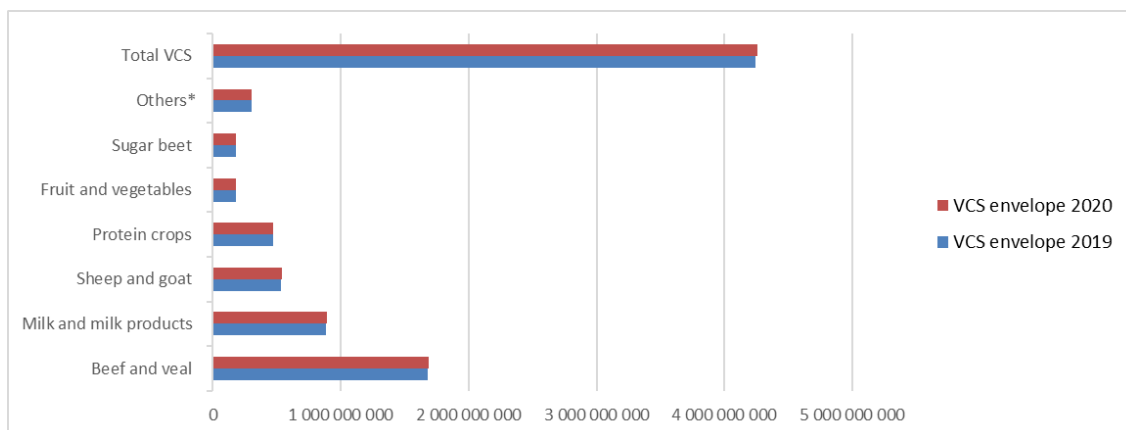

Please see the two graphs below for further details:

Share of the financial allocation per sector (claim year 2020):

Others*: Cereals, Olive oil, Rice, Grain legumes, Starch potato, Nuts, Seeds, Hops, Hemp, Oilseeds, Silkworm, Flax

Comparison of the VCS envelopes for claim years 2019 and 2020:

Member States' overview:

- **13 Member States** (Belgium, Bulgaria, Croatia, Denmark, Estonia, France, Greece, Hungary, The Netherlands, Poland, Portugal, Romania and Slovakia) decided to review their decisions.
- **10 Member States** (Austria, Cyprus, The Czech Republic, Finland, Ireland, Lithuania, Luxembourg, Latvia, Sweden and Germany) left their previous support decisions unchanged. NB: Germany maintained its former decision not to grant VCS.

3. REVIEW OVERVIEW FOR THE MAIN SECTORS⁵

3.1 Beef and veal sector

VCS decisions in general:

- Number of Member States: In the framework of the 'original support decisions', 24 Member States decided to grant coupled support for beef and veal as from claim year 2015. This number decreased to 23 Member States from claim year 2017. Due to Brexit, it decreased further to **22 Member States** from claim year 2020.
- Number of support measures (EU27): In comparison to the former support decisions, it decreased from 54 to **52 measures**, as from claim year 2020.
- Budget: The review increased the sector's monetary allocation (EU27) by some 0.05% from EUR 1 682 million in claim year 2019 to **EUR 1 683 million** in claim year 2020.

The beef and veal sector has always been, and remained after the reviews for claim year 2020, the biggest VCS beneficiary; its share in the total VCS budget is **around 40%**. This represents **4.4%** of the annual national ceiling for all direct payments.

- Fixed number of heads (EU27): It remained roughly stable for years, at around 19.3 million heads⁶. As from claim year 2020, it decreased to **18.9 million heads**.
- Per unit amount (prior estimate): The average support rate slightly increased (by 1 EUR/head), thus reaching **88 EUR/head** (EU27 average since claim year 2020) in comparison to its previous level. This still exceeds the average support level available under the other animal based sectors (milk and milk products; sheep and goat meat).

Reviewed measures:

- **New/deleted** measures: The Brexit resulted in the cancellation of 2 measures. Otherwise, the list of measures remained unchanged.
- **Modified** measures: Ten Member States (Belgium, Bulgaria, Croatia, Denmark, Hungary, The Netherlands, Poland, Portugal, Romania, and Slovakia) carried out modifications, which affected the eligibility conditions (BG, HU, PT, RO), the modulation model (BG), the fixed number of heads (BG) and the financial envelopes (BE-Flanders, DK, HR, NL, PL, SK).

3.2 Milk and milk products sector

VCS decisions in general⁷:

- Number of Member States: In the framework of the 'original support decisions', 19 Member States decided to grant coupled support for the milk and milk products sector as from claim year 2015. This decreased to 18 from claim year 2017, but grew back to **19 Member States** from claim year 2019.

⁵ Comparison is made with the results of the previous review due by 01/08/2018, with application as from CY2019

⁶ Concerning the fixed references (fixed areas or fixed number of animals), it is to be noted that in some case the Member States' notifications were incomplete. On the other hand, in some cases double-counting is not to be excluded.

⁷ Further details are available in Table 2 in the annex.

- Number of support measures (EU27): in comparison to the former support decision, it increased from 31 to **32 measures**, as from claim year 2020.
- Budget: The sector's monetary allocation (EU27) increased by 0.45% from 885 million EUR in claim year 2019 to **EUR 889 million** in claim year 2020.

The milk and milk products sector has always been, and also remained after the reviews for claim year 2020, the 2nd biggest VCS beneficiary (after the beef and veal sector). Its share from VCS remained **somewhat below 21%** (EU27). This represents around **2.3%** of the annual national ceiling for direct payments.

- Fixed number of heads (EU27): It remained unchanged with **11.3 million heads**.
- Per unit amount (prior estimate): The average support rate increased from 78 EUR/head to **79 EUR/head** (EU27 average since claim year 2020).

Reviewed measures:

- **New/deleted** measures: Estonia created 1 new measure, otherwise the list of measures remained unchanged.
- **Modified** measures: Nine Member States (Bulgaria, Croatia, Estonia, France, Hungary, Poland, Portugal, Romania and Slovakia) carried out modifications of already existing measures. These changes concerned the eligibility conditions (BG, EE, FR, HU, RO), the modulation model (BG), the division of an existing measure (EE) and the financial envelopes (EE, HR, PL, PT, SK).

3.3 Sheep and goat meat sector

VCS decisions in general⁸:

- Number of Member States: In the framework of the 'original support decisions', 22 Member States decided to grant coupled support for the sheep and goat meat sector as from claim year 2015. This decreased to 21 Member States from claim year 2017, and dropped further to **20 Member States** as from claim year 2020.
- Number of support measures (EU27): in comparison to the former support decisions, it decreased from 36 to **35 measures**, as from claim year 2020.
- Budget: The amounts earmarked increased by some 2 % from EUR 535.8 million in claim year 2019 to **EUR 550.9 million** in claim year 2020.

Though the sheep and goat meat sector has always been, and also remained after the reviews for claim year 2020, the 3rd biggest VCS beneficiary (after the beef and veal and the milk and milk products sectors), its share in VCS remained **below 13%**. This represents around **1.4%** of the annual national ceiling for all direct payments.

- Fixed number of heads (EU27): It remained stable at around 41.3 million heads for years and decreased to **41.2 million heads** as from claim year 2020.
- Per unit amount (prior estimate): The average unit amount of support remained unchanged at **13 EUR/head** since claim year 2019 (EU27 average since claim year 2020).

Reviewed measures:

- **New/deleted** measures: 1 measure was cancelled due to the Brexit. Otherwise, the list of measures remained unchanged.

⁸ Further details are available in Table 3 in the annex.

- **Modified** measures: Eight Member States (Bulgaria, Croatia, Hungary, Poland, Portugal, Romania, The Netherlands and Slovakia) carried out modifications of already existing measures. These changes concerned the eligibility conditions (BG, HU, RO), the modulation model (BG) and the financial envelopes (HR, NL, PL, SK).

3.4 Protein crops sector

To recall, the Member States may increase their annual national ceiling for VCS by up to 2% if they decide to use at least 2% of their annual national ceiling set out in Annex II of the basic act to support the production of protein crops (Article 53(3) of the basic act).

VCS decisions in general⁹:

- Number of Member States: In the framework of the 'original support decisions', 16 Member States decided to grant such coupled support from claim year 2015. This decreased to 15 from claim year 2017, and increased back to **16 Member States** from claim year 2019.
- Number of support measures (EU27): in comparison to the former support decisions, it remained unchanged with **28 measures** as from claim year 2019.
- Budget: The amounts earmarked increased slightly by 0.33 % from EUR 474.3 million in claim year 2019 to **EUR 474.9 million in claim year 2020**.

The protein crops sector has always been, and remained after the reviews for claim year 2020, the 4th biggest VCS beneficiary (after the animal-based sectors) and the biggest area-based VCS beneficiary. Its share from VCS remained **around 11%**, which represents some **1.3%** of the annual national ceiling for all direct payments.

- Fixed area (EU28): It remained unchanged with **4.1 million ha**.
- Per unit amount (prior estimate): It decreased slightly from the previous 116.5 EUR/ha to **115 EUR/ha** (EU27 average since claim year 2020).

Reviewed measures:

- **New/deleted** measures: The list of measures remained unchanged.
- **Modified** measures: Five Member States (Croatia, Greece, Poland, Romania and Slovakia) carried out modifications of already existing measures. These changes concerned the financial envelope (EL, HR, PL), control issues (RO), the eligibility conditions (SK) and the fixed areas (SK).

3.5 Fruit and vegetables sector

VCS decisions in general¹⁰:

- Number of Member States: In the framework of the 'original support decisions', **19 Member States** decided to grant such coupled support from claim year 2015. This remained **unchanged** under the following reviews including the reviews for claim year 2020.
- Number of support measures (EU27): in comparison with the former support decisions, it remained unchanged with **54 measures** as from claim year 2019.
- Budget: The amounts earmarked increased roughly by 1% from EUR 181.5 million in claim year 2019 to **EUR 183.6 million in claim year 2020**.

⁹ Further details are available in Table 4 in the annex.

¹⁰ Further details are available in Table 5 in the annex.

The fruit and vegetables sector has always been, and also remained after the reviews for claim year 2020, the 5th biggest VCS beneficiary and also the 2nd most important area-based beneficiary (after the protein crops sector). Its share from VCS slightly increased to **4.3%**, which represents some **0.5%** of the annual national ceiling for all direct payments.

- Fixed area (EU27): Increased from 718 328 ha to **720 345 ha**.
- Per unit amount (prior estimate): Increased from the previous 251.5 EUR/ha to **262 EUR/ha** (EU27 average since claim year 2020).

Reviewed measures:

- **New/deleted** measures: No new measures were created, nor any existing one deleted.
- **Modified** measures: Six Member States (Bulgaria, Croatia, Hungary, Poland, Romania and Slovakia) carried out modifications of already existing measures. These changes concerned the eligibility conditions (HU, RO, SK), the fixed areas (SK) and the financial envelopes (BG, HR, PL).

3.6 Sugar beet sector

VCS decisions in general¹¹:

- Number of Member States: In the framework of the 'original support decisions', 10 Member States decided to grant such coupled support from claim year 2015. This increased to **11 Member States** from claim year 2017, and remained **unchanged** from claim year 2019.
- Number of support measures (EU27): in comparison with the former support decision, it remained unchanged with **12 measures** as from claim year 2019.
- Budget: The amounts earmarked decreased slightly by 0.2% from EUR 182.5 million in claim year 2019 to **EUR 182.2 million in claim year 2020**.

The sugar beet sector has always been, and also remained after the reviews for claim year 2020, the 6th biggest VCS beneficiary and also the 3rd most important area-based beneficiary. Its share from VCS increased from 4% back to **4.3%**, which represents some **0.5%** of the annual national ceiling for all direct payments.

- Fixed area (EU28): Decreased from 508 869 ha to **507 669 ha**.
- Per unit amount (prior estimate): Increased from the previous 350 EUR/ha to **359 EUR/ha** (EU27 average since claim year 2020).

Reviewed measures:

- **New/deleted** measures: No new measures were created, nor any existing ones deleted.
- **Modified** measures: Four Member States (Croatia, Greece, Poland and Slovakia) carried out modifications of already existing measures. The changes concerned the eligibility conditions (EL) and the financial envelopes (HR, PL, SK).

¹¹ Further details are available in Table 6 in the annex.

4 REVIEW OVERVIEW FOR THE REMAINING SECTORS¹²

Whereas the 6 biggest VCS sectors represent some 73% of all VCS allocations (EU27 average), the remaining 15 sectors represent only some 7%, i.e. 0.8% of the annual national ceiling for all direct payments.

In the framework of their 'original support decisions' as from claim year 2015, **13 Member States** decided to grant VCS for the benefit of one or more of the following sectors: cereals, oilseeds, grain legumes, flax, hemp, rice, nuts, starch potato, seeds, olive oil, silkworms and hops. No Member State decided to support the following sectors: short rotation coppice, dried fodder and cane & chicory.

This did **not change** following the reviews for claim year 2020.

The changes concerned the financial envelopes (PL- starch potatoes, hops, hemp, flex; SK- hops; PT- rice), control issues (RO – hemp, rice) and the eligibility conditions (RO – silkworms).

The share of annual direct payments amounts dedicated to these sectors increased by 0.1% from 0.7% in claim year 2019 to 0.8% in claim year 2020.

Overview of the notified measures for the remaining sectors¹³

Targeted sector	MS	Fixed number of hectares (ha)	Total amount of aid 2020 (EUR)	Share from the total amounts earmarked for VCS (%)
Cereals	FR, IT, EL, FI, LV, LT, SI	2 067 717	114 171 361	2.68%
Olive oil	IT	886 789	66 811 422	1.57%
Rice	EL, ES, FR, IT, RO , HU, PT	469 758	68 505 272	1.61%
